## RECENT OPERATIONS

By Paul Rardin

AT LAST the contractor has put the finishing touches on Bacom Point Road. It was a tedious, long drawn out operation and folks on the road nearly lost their patience, but, now that it is completed it is a beautiful highway. Unofficial reports tell me that the contractor went into the red about \$30,000.00. Folks who watched the inexperienced operation will say, no wonder!

STATE ROAD Department officials tell me that they hope to ask for bids soon on extension of the Bacom Point Road to Chosen and Road 80. Plans call for it to make a straight shot from the end of the present new road to Chosen store, then across the canal and down Chosen Road to State Road 80 near the colored migratory camp. The money has been set up by the SRD in the 1950 budget and the grapevine says that in all probability bids will be sought in December.

COUNTY ROAD FORCES have been busy this week building an extension to an existing road in South Bay to serve the new colored school being constructed at a cost to the school board of nearly \$70,000.00. The new road being built under my direction extends the existing road on past the old school house to the present site of the new school and will serve students and all those who have business in the new building.

THE CONTRACTOR is busy this week finishing stretches of rebuilt highway between Canal Point and the Martin county line. On Friday of this week the prime coat of oil was scheduled for a stretch of finished road beginning at the post office and extending northward more than a quarter of a mile. Other stretches will be finished as rapidly as possible and prime oil put on in order that the dust menace may be lessened.

WITH THE COMPLETION of Bacom Point Road a new county road has been opened just south of the airport property, running to the dike to serve Richlands and other operations in that area. A fence has been built to keep traffic off the \$160,000.00 airport. Recent inspection by the Civil Aeronautics Administration of Washington showed that automobile traffic had been on the airport and that cars had been racing on the landing strip. Strict orders were handed the county commission in regard to cars using the strip for any purpose not connected with the aviation industry. Violators will be prosecuted.

IKORA PARK in Pahokee is taking shape. The grass is getting a good start and SRD workmen have extended the paving in order that controlled parking may be handled. In a few weeks more work will be done on the park by the Garden group in charge and a spot that was once an eyesore will be

## Car Racing On Air Strip Must Stop, So Say CAA Officials

Officials of the Civil Aeronautics Administration in Washington visited Pahokee last week and inspected the \$160,000.00 airport recently completed on Bacom Point Road. They discovered that traffic had been using the airport and that cars had been racing on the air strip. Strict orders were issued concerning the violation by the Washington officials. State and County officials have been advised of the violations and in the future anyone using the airstrip for anything except those things closely akin to aviation will be prosecuted.

Under no circumstances will racing on the strip be tolerated, it was pointed out, since quick turns by speeding cars loosen the gravel on the strip, making landing of planes hazardous.

## Groceryman Crews Is New Pahokee Lion

The Pahokee Lions Club at the Tuesday luncheon meeting voted to present a trophy this year and each year hereafter to the player judged the best linesman on the Pahokee Blue Devil football team. It was announced that a similar trophy will be presented by the Rotary Club to the best Blue Devil player in the backfield.

G. M. Crews, Pahokee grocery man, was received as a new member. A turkey donated to the club for the Santa Claus fund was sold at the meeting and netted the club \$45.

On the program a motion picture on "Safety at Home" was presented by Leonard Dobrow. Marshal Lair was in charge of the program.

## New Inspector Asks Citizens Cooperation

Frank Thompson, recently appointed city building inspector of Pahokee, said yesterday that he is anxious that all folks, who are planning to build, get in touch with him before they start. "In this manner," the inspector said, "we can save a lot of time and trouble. It is my desire to cooperate fully with those who plan erection of new buildings. However, it is necessary that we know in advance what is to be built."

Mr. Thompson plans to keep office hours at the city hall and he will be in the office each morning from eight until 10 o'clock.

come one of the outstanding beauty spots of the town.

THE NEW SIGN at Twenty Mile Bend erected by the Pahokee Chamber of Commerce will soon carry a handsome message. Carpenters in Pahokee donated their time to build the sign. It is that kind of cooperation that counts in any community. I told the sign board committee of the Pahokee Lions club several weeks ago that I would make \$100 available to aid in having the sign lettered when the construction work was finished. It won't be long now!

## Farm Bureau Head

Loring Raoul, prominent Sarasota celery grower, was re-elected president of the Florida Farm Bureau today at the state convention in Daytona Beach. During the past year, Mr. Raoul has spent much of his personal time with the fifty County Farm Bureaus throughout the state as well as with the American Farm Bureau in Washington and Chicago representing Florida on national agricultural problems. Also re-elected were: E. H. Finlayson, Greenville, well known north Florida farmer, vice president; and John Ford, Orlando, executive vice-president.

## No Report In This Issue On Game

This issue of The Everglades News was printed Wednesday afternoon so that all hands could attend the foot ball game Wednesday night and have a Thursday date with a turkey. Therefore, this issue carries no report of the annual game between Belle Glade and Pahokee.

## New Service Offered By Fertilizer Company

A new service is being offered by Stuckey Fertilizer Works of Pahokee, according to Orin Bacon, Jr., manager. He states that the fertilizer concern will sell the farmer the fertilizer and also distribute it.

If the farmer doesn't want the company to distribute the material, he can rent the equipment from the Stuckey concern and distribute it himself. Mr. Bacon points out that this is a completely new service and designed to give the farmers of this area the very best attention possible.

## Fire Destroys Store North Of Canal Point

A fire of unknown origin destroyed R. L. Gray's Atlantic Clothing Store north of Canal Point early Friday morning, according to Marvin Levins, Pahokee fire chief, who was called to the scene around 1 a. m. and directed a crew of volunteer firemen in fighting the blaze for nearly three hours.

The building and entire contents, including clothing, dry goods and groceries, were lost.

## We Don't Print Any Unsigned Letters

Through the years it has been the policy of this newspaper NOT TO PRINT unsigned letters in these columns. If you want to get something off your chest, write your letter SIGN YOUR NAME and we'll print it, just so long as you keep it within the bounds of propriety. We won't help anybody take pot shots at some one "in the dark" with unsigned letters or letters merely signed with initials.—THE EDITOR.

## Bert Lapp Wins Reserve Corp Rank

Friends of former Pahokee resident, Bert Lapp, will be happy to read this interesting article which appeared recently in the Savannah Morning News where he and his family have lived since leaving Canal Point. The article is as follows:

Harry LaBerte Lapp, capable and popular executive officer of the Savannah District, U. S. Corps of Engineers, was promoted yesterday from the rank of major to the rank of lieutenant colonel in the Organized Reserve Corps.

Continually active in military and civic affairs, Colonel Lapp has held his present post since November, 1946.

A native of Baltimore, Md., he attended Trenton, N. J., public schools and Bucknell University.

During World War I he served in the Field Artillery and in World War II he was on active duty with the Corps of Engineers from September, 1942, to November, 1946.

Between wars he engaged in general engineering and construction work, which included executive positions with the Florida Power and Light Company in Miami and at Pahokee.

In Savannah, Colonel Lapp has served as national director of the Society of American Military Engineers, director and president of the society's Savannah Post, which he assisted in organizing. He has also been active as a Boy Scout leader and as a member of the Reserve Officers' Association.

In 1945 he was awarded a Treasury Department citation for his work as head of the Seventh War Loan Drive.

## Commerce Body To Use Elliott's Office

The Pahokee Chamber of Commerce at a recent special meeting voted to accept an offer by B. Elliott for the use of his office and office equipment in business transactions carried on by the chamber.

Miss Vera Keen was employed as fulltime secretary and began her duties on Monday. A Chamber of Commerce sign will be placed outside of the office.

At the meeting, the group passed a resolution asking the Palm Beach County Draft Board to defer the drafting of Dr. Roland R. Long, Pahokee's only dentist.

Dr. and Mrs. Roland R. Long attended the State Convention of Dentists in Hollywood, Fla., Tuesday and Wednesday.

## Senator Morrow To Speak In Pahokee

In conjunction with Elks lodge, throughout the country, Pahokee Elks will conduct its "Keep Awake America" program next Friday night at the lodge hall with State Senator Russell O. Morrow delivering the address. Senator Morrow is well and favorably known in these parts and his many friends will want to hear him in his first public appearance in the Everglades since his historical election the first of the month.

In commenting upon the "Keep Awake America" program, J. Edgar Hoover, noted FBI director, said: "In our national community there are 55,000 Communists. In sympathy with them are 500,000 Americans who, although they have not actually taken the pledge to Communism party membership, are either willing tools of those who have done so, or party line followers ready to take part in its peculiar blandishments."

At next Friday's (Dec. 1) meeting the Pahokee High School band, under the direction of Robert O. Lampi, will participate in the program, supplying the musical rendition in their usually efficient manner.

## Little Blue Devils In Final Game

The Pahokee Junior High Baby Blue Devils are scheduled to meet the West Gate Juniors on Lair Field Tuesday, Nov. 28, at 7:30 p. m. Coach Leland Keene's team also traveled to West Palm Beach on Thursday night of this week to play the undefeated Conniston junior team, this year's champion in the West Palm Beach junior league. This was a double header affair with the Belle Glade Baby Blues and Northboro playing the first game starting at 7 p. m. and the Blue Devils taking on the champs at 8:15.

## Future Farmers To Sponsor Barn Dance

The Pahokee Chapter, Future Farmer of America, at a meeting Tuesday night discussed plans for the annual FFA Sweetheart Dance sponsored by the chapter. It was suggested by Richard Tillis that the chapter have Howard Lightsey and his Southern Playboys furnish the music instead of an orchestra and decorate the hall to represent a big barn dance on a farm.

It was pointed out at the meeting that much of the equipment being used for chapter farming is about worn out and plans were discussed for the purchase of new equipment.

## Pet Show Planned For Friday Afternoon

Pahokee Cub Scout Pack 23 announces plans for sponsoring a pet show at the city park this Friday afternoon at 4 p. m. Don Beverly is in charge of arrangements and his public is invited, according to Cubmaster Gil Galbaldo.

## News Notes From State Capital

**TALLAHASSEE** — Governor Warren declared Florida's promotion efforts paid off in the recently announced decision of the St. Regis Paper Company to invest \$30,000,000 in new kraft mill equipment in Florida, including a \$10,000,000 paper mill near Jacksonville. The company will install a plant near Eastport to supplement its output from other southern mills. Governor Warren said the Jacksonville plant will employ 1,000 people, and the addition to the St. Regis plant in Escambia county will make jobs for 700 more. The Florida Industrial Development Council which Warren formed last year was given much credit for its part in the St. Regis decision.

**TALLAHASSEE**—The supreme court of Florida apparently applied the brakes to big damage suits judgments when it reduced a Dade

county circuit court award from \$75,000 to \$60,000. It ordered the award to Nathaniel Levine, injured while employed by Renuart Lumber Yards, reduced by the circuit court, or a new trial granted. Circuit Judge Hugh M. Taylor of Quincy, who sat with the court on the case and wrote the opinion, held that an award of more than \$30,000 for pain and suffering was excessive. Another \$30,000 was awarded for expenses loss of earnings and other costs.

**TALLAHASSEE** — Attorney General Richard W. Ervin this week gave his official opinion on the following general subjects:

**BOLITO**—Not necessary for police officer to have search warrant to search automobile where he suspects there are bolito tickets.

**AIRCRAFT**—Whether airplane is driven carelessly or recklessly may be judged by existing federal

statutes or regulations.

**BOND**—Indemnity bond issued by domestic company must be countersigned by local producing agent.

**TALLAHASSEE** — Hunting of quail, turkey, deer and squirrel opens on Thanksgiving day, November 23. Only the third district permits hunting, every day of the week. In other districts, the first four days are open, thereafter Monday, Tuesday and Friday are closed to hunters. The quail season extends to February 5, the others end on January 5. The game and fresh water fish commission has announced controlled hunting in the Gulf Hammock Wildlife Management Area in Levy county and the Steinhatchee area in Dixie, Lafayette and Taylor counties, comprising nearly 300,000 acres of land. Also in Charlotte county, controlled quail hunting will be undertaken on a selected area starting December 6. And on the Avon Park military reservation, weekend hunting will be permitted starting November 23.

**TALLAHASSEE**—Sheriff Alex Littlefield and Constable W. M. Slaughter of Volusia county are back in office, following a public hearing by Governor Warren on charges of failing to enforce gambling laws. Littlefield and Slaughter were suspended following a report from Attorney General Ervin that both officers had failed to enforce the laws. Testimony was produced at the hearing that law enforce-

ment had materially improved, witnesses were unable to identify alleged sellers of bolito tickets, and three ministers testified that what gambling had been going on was on a "sneak" basis.

**TALLAHASSEE**—Public schools will ask the 1951 legislature for \$119,000,000 for the following two years, according to State Superintendent Thomas D. Bailey. This is an increase of \$21,000,000 over the past two years, made necessary by increased enrollments. It will cost \$10,000,000 a year for the next five years just to keep pace with additions to the school attendance rolls, he estimated.

Several of the airmen stationed here with me have recommended your product as a help so I have decided to try it and see if it will help. Very truly yours, T-Sgt. Joseph C. McQuiston." Letter from the Sergeant establishes new record for distance in requests for the famous product.

The 1950-51 National High School Essay Contest, the fifth in the annual series sponsored by the Advertising Federation of America, has again been placed on the approved list by the Contest Committee of the National Association of Secondary School Principals.

# Try this on your stereoscope!

When this "VIEWER" was in the parlor, folks used to look at pictures like these.

They'd spend many an hour gazing wistfully at scenes of places they'd like to visit, things they'd like to do.

But, today, there's an invention that beats those stereoscopic pictures all hollow. No—it isn't television.

It's the Payroll Savings Plan—an automatic

method of saving that all but puts you on that liner and says "bon voyage."

So simple, so painless, so sure—the Payroll Savings Plan sets aside a small part of your earnings each and every pay day, puts it in United States Savings Bonds.

And those bonds grow and GROW. In ten short years they pay you back \$4 for every \$3 you put in today.

A self-fattening investment—guaranteed by Uncle Sam—that will let you do things for your family and for yourself that you could never do without such a convenient plan.

And, if you're not on a payroll, there's the equally convenient, equally profitable Bond-A-Month Plan at your bank.

No matter how you look at them, U. S. Savings Bonds help to picture a bright, happy future!

## Sorority Meeting At Mrs. Graham's Home

The Beta Sigma Phi Chapter of the Beta Omicron Sorority at a meeting at the home of Mr. E. J. Graham made plans for the "ritual of jewels" ceremony for new members pledged during the spring rush season. This ceremony will be held at dinner meeting at Cypress Lodge, Port Mayaca, on Dec. 7. Plans were also discussed for the chapter's annual Christmas party.

A program on "Poetry and Verse Making" was presented by Mrs. Thurmond W. Knight. Mrs. E. D. Sims, Jr., gave a talk on the principles of poetry and Mrs. Jack Phillips read several poems.

During the social hour following the meeting refreshments of pumpkin pie and coffee were served by Mrs. Graham and Mrs. R. R. Long, co-hostesses.

## MEMORIAL SERVICES

The Pahokee Chapter, Order of Eastern Star, will conduct Memorial Services in the Masonic Hall Sunday, Nov. 26, at 3 p. m. Mrs. Hulda Wilson conductress, will be in charge of the program. The public is invited.

## Ixora Garden Club In Meeting Tuesday

A report on the progress being made in the development of Ixora Park in Pahokee was given Tuesday afternoon by Mrs. Leo Maxwell at a meeting of the Ixora Garden Club, sponsor of the project. Recognition was given to persons who contributed funds for the purchase of ornamental shrubs for the park.

The meeting was held at the home of Mrs. James Vandegrift, with Mrs. Corley Watson assisting as co-hostess. The group announced plans for a benefit baks

and plant sale to be held on Dec. 15. It was announced the December meeting of the club will be held at the home of Mrs. James Holden.

## Hibiscus Club Hears Nurseryman Ridenour

Hughes Ridenour, Pahokee nursery man, demonstrated grafting and budding at a meeting of the Hibiscus Garden Club at the home of Mrs. Frank Friend Tuesday morning. Mrs. E. L. Pope spoke on budding and grafting of ornamental plants and Mrs. C. T. Jackson gave a talk on layering.

Mrs. Friend, beautification chairman, gave a report on the work being done by the garden club at the Pahokee city park where 50 royal palms and hibiscus were planted recently and Mrs. Ruth Meredith, city park supervisor, reported on the work being done to beautify the city hall grounds.

Mrs. H. M. McIntosh gave a report on the flower arrangements and color harmony school which she attended in Belle Glade Saturday and announced the local club has been invited to participate in the flower show to be held in Clewiston in March. Mrs. F. M. Shaughnessy announced membership cards are now ready for distribution.

A request was received from Mrs. Findley for a donation of shrubbery for planting on the school grounds at the Pahokee labor camp.

Mrs. Meredith was in charge of the plant identification in the absence of Mrs. Ruth Chastain. It was announced the next meeting will be held on Dec. 12 at the home of Mrs. C. T. Jackson, with Mrs. Lloyd Hundley assisting as co-hostess and the program will consist of suggestion for Christmas decorations.

The meeting was concluded with a luncheon with Mrs. H. J. Clause assisting Mrs. Friend as co-hostess.

Ed Leggett is spending the Thanksgiving holidays with relatives in Lantana.

## Cinematic Chatter

By Malcolm Miller

Movie hero Ronald Reagan chalked up some sort of a record the other day down Tucson, Arizona way when he personally danced with two-hundred co-eds from a local state college. The gals arrived at Reagan's hotel en masse and invited Ronnie to dine and dance with all of them. The popular leading man quickly snapped up the invitation saying: "This is too good a thing to miss. Believe me, I was never this popular when I was in school!" Here's one for a snicker. You know no one loves a snob and when we learn that some one has beat them to the punch we always get a great laugh out of it. It seems Mrs. Patrick Campbell is one of those people who could never be gracious to anyone who worked for a living. It is said that she once attended a party and there met Harold Lloyd, the great comic. Said Mrs. Campbell: "Oh, aren't you in some way connected with the films?" At the same party she met her match when she was introduced to Aliene Pringle, popular cinema star, and Miss Pringle chirped: "Oh I've been dying to meet you. I've been drinking your soup for years!" See you at the movies—Mal.

## Carrithers - Belk

Miss Minnie Lee Carrithers, daughter of Mrs. A. Carrithers of Anderson, S. C., became the bride of Frank L. Belk of Pahokee at a double ring ceremony held at the home of his parents, Mr. and Mrs. J. W. Belk, in Miami Friday, Nov. 17, at 6 p. m. The vows were read by Rev. Carl A. Moberg of Miami, former pastor of the Pahokee First Baptist Church.

The bride wore a white taffeta dress with ballerina-type skirt, white accessories and orchid corsage.

Following a brief wedding trip

Mr. and Mrs. Belk are at their home on Bacom Point, Pahokee, where he operates an airplane crop dusting service.

## Christian Science Society

CHURCH OF CHRIST, SCIENTIST  
"ANCIENT AND MODERN NECROMANCY, ALIAS MESMERISM AND HYPNOTISM, DENOUNCED" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, November 26.

The Golden Text is: "Watch ye, stand fast in the faith, quit you like men, be strong" (I Cor. 16: 13).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the dragon was wrath with the woman, and went to make war with the remnant of her seed, which keep the commandments of God, and have the testimony of Jesus Christ" (Rev. 12: 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "What if the old dragon should send forth a new flood to drown the Christ-idea? He can neither drown your voice with its roar, nor again sink the world into the deep waters of chaos and old night. In this age the earth will help the woman; the spiritual idea will be understood" (570: 18-23.)

## Christian Science To Offer Lecture Nov. 26

A public lecture on Christian Science has been announced for next Sunday afternoon by First Church Of Christ, Scientist of Belle Glade.

Ralph E. Wagers of Chicago, a member of The Christian Science Board of Lectureship, will speak on "Christian Science: Its Revelation of Divine Sonship." It is understood he will discuss man's spiritual identity in the likeness of God, man's relation to God, and also the nature of God Himself, as set forth by Christian Science.

Mr. Wagers has lectured widely in the United States and elsewhere on Christian Science since he became a lecturer in 1946. For a number of years prior to that he had been engaged in the practice of Christian Science healing in Chicago. Formerly well known in the lumber industry in Wisconsin, he left business life in 1925 to devote his full time to the work of Christian Science healing. He himself had been healed in Christian Science some years previously.

Mr. Wagers will speak at 3:15 p. m., November 26, in The Everglades Theatre. The general public is invited to attend without charge.

## "Festival Of States" Schedule Jan 14-20

ST. PETERSBURG—It is doubtful if any city in America has capitalized on "sunshine" to the extent that St. Petersburg has. Years ago one of the local newspapers conceived the idea of giving the paper away on each day that the sun failed to shine before press time in the afternoon. During the winter season thousands journey to the Sunshine City to bask in the sunshine and enjoy the cordial welcome and varied entertainment this enterprising community provides. They come from every state in the Union and most of them remain throughout the winter, for accommodations are extremely reasonable and recreation facilities are plentiful and varied.

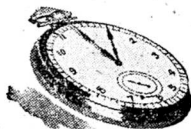

As a tribute to these winter visitors and to provide them with further entertainment, St. Petersburg stages an annual celebration known as "The Festival of States" which lasts an entire week and provides a series of colorful events topped off by a gay and colorful parade.

Queens are elected representing each state in the union and these queens reign over the festival and the activities of their various state societies. An added feature this year will be an amazing five-ring circus produced by students of the Florida State University of Tallahassee—a two-hour show with 35 big-time circus and hippodrome acts, 225 star performers with their own 35 piece circus band.

Dates for the festival this season have been set for January 14-20, 1951 and officials in charge of the event predict the greatest show of the kind ever staged by the "Sunshine City." Make your plans to be in St. Petersburg during this gala period.

## Gardenia Garden Club Gets New Member

Mrs. Lucille Johnson was received as a new member of the Gardenia Garden Club at a meeting at the home of Mrs. Paul Rardin Tuesday morning.

Mrs. G. Lawton Sims reported that the club's proposed plan to beautify the banks of the West Palm Beach Canal within the townsite of Canal Point will not interfere with the work of the drainage board and the beautification work can now be continued. Mrs. A. R. Harrington reported the club's point system has been revised by her committee which also includes Mrs. J. H. Bordeaux and Mrs. Albert Fremd.

Mrs. C. G. Coburn announced an all-day District 6 meeting with

luncheon at noon will be held at Pompano on Dec. 2.

On the program a demonstration of grafting, budding and layering was given by Mrs. Sims and Mrs. Coburn in Mrs. Rardin's garden. Mrs. Bordeaux was in charge of the plant identification and Mrs. F. M. Wilson, the plant exchange.

It was announced suggestions for Christmas decorations will be the program topic at the next meeting which will be held at the home of Mrs. F. M. Wilson, with Mrs. J. S. Atkins, co-hostess.

## Florida Bankers To Meet In Clewiston

CLEWISTON—A large group of south Florida bankers will assemble here at Clewiston Inn, November 18, to form a South Florida Conference of the National Association of Bank Auditors and Comptrollers, in an endeavor to integrate business of south Florida banks into a regional setup. Included in the plan are Monroe, Collier, Hendry, Dade, Broward, Palm Beach, Charlotte, DeSoto, Indian River, Martin, Okeechobee, Lee and St. Lucie Counties.

Prominent in the movement to bring banking questions closer to the home base is Cecil Parkinson, controlling stockholder in the Bank of Clewiston.

## Palm Dale Will Have Unique New Museum

PALMDALE—This little community in Glades County will soon be sporting a museum unlike any, anywhere, in its display wares, and most unique is the building that will house it, when Tom Gaskins completes his Cypress Knee Products Museum, probably in January.

Constructed entirely minus walls, it has a large roof-opening, out of which will protrude a growing cypress tree, resting in water. Enclosing the tree in U-shape arrangement will be glass cases sheltering Gaskins' works of art, and these cases, by test, are visible easily from U. S. Highway, one-quarter a mile distant.

Gaskins, Tampa-born and Arcadia-reared, started his unique industry in 1934 under a protective U. S. patent still valid, and today his cypress spot is a Mecca for tourists, particularly those interested in unusual patterns and designs in home decorations.

While business is booming in some lines, furniture and other home furnishings are heading for a private recession "tougher than most," according to the magazine Business Week.

starring

(In Technicolor)

Joel McCrea, Arlene Dahl, Claude Jarman

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B, B<sub>12</sub>, Iron and Niacin.

Here is Mr. Goldsmith's statement: "Before I started taking HADACOL I was run down and nervous and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

**HADACOL Is So Different**  
Thousands are benefiting from HADACOL... whose systems lack Vitamins B, B<sub>12</sub>, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

**"WHAT DYA MEAN... MORE PAYLOAD?"**

**DODGE**  
"Job-Rated" trucks  
GIVE IT TO YOU!

**IT'S A MATTER OF better weight distribution**

You can haul more payload than ever in a Dodge "Job-Rated" truck, because the load is better distributed. Most trucks carry too much of the load on the rear axle—too little on the front. Because the engine of a Dodge "Job-Rated" truck is moved forward and the front axle back, both axles carry the right proportion of the load. That means you can haul bigger payloads without overloading.

**NOT THIS** The payload on most trucks—like the girl in this boat—rides too far to the rear. Result: there's too much weight aft, not enough forward.

**BUT THIS** In "Job-Rated" trucks, the load is moved forward—as the girl is now positioned. Results: proper weight distribution—bigger payloads—easier handling.

**NEW! gyro FLUID DRIVE!** Available on 1/2-, 3/4- and 1-ton models... for longer truck life, lower upkeep costs. Ask us for interesting Fluid Drive booklet.

**Job-Rated** ... for low-cost transportation

**POWER:** ... 8 great truck engines—each "Job-Rated" for PLUS power.

**ECONOMY:** ... priced with the lowest "Job-Rated" for dependability and long life.

**BIGGER PAYLOADS:** ... carry more without overloading axles or springs because of "Job-Rated" weight distribution.

**EASIER HANDLING:** ... sharp-

er turning! Parks in tight places. "Job-Rated" maneuverability!

**COMFORT:** ... widest seats—windshield with best vision of any popular truck. Air-cushioned, adjustable "chair-height" seats.

**SAFETY:** ... finest truck brakes in the industry... hand brake operating independently on proper shaft on all models—1/2-ton and up.
